

The 2nd of January 2010

A new chapter in our life began

Tiny 6lb 3oz miracle baby Tia

Arrived into our world without fear

A serene, rested and gentle soul

Is going to be dearly loved by us all

It's hard to convey the admiration I feel for you both

My own daughter Charley bringing new birth

My little girl I once held in my arms with elation

I've been waiting for this day with great anticipation

Words are hard to find to express how I feel

My sense of pride, love and happiness no one could steal

From one mother to another, I wish you great joy,

happiness and health

A love for your daughter is the greatest of wealth

XXXX
